Forward-Looking Statements

This Current Report on Form 8-K includes “forward-looking statements” within the meaning of the “safe harbor” provisions of the Private Securities Litigation Reform Act of 1995. GreenVision and Helbiz’s actual results may differ from their expectations, estimates and projections and consequently, you should not rely on these forward-looking statements as predictions of future events. Words such as “expect,” “estimate,” “project,” “budget,” “forecast,” “anticipate,” “intend,” “plan,” “may,” “will,” “could,” “should,” “believes,” “predicts,” “potential,” “continue,” and similar expressions are intended to identify such forward-looking statements. These forward-looking statements include, without limitation, GreenVision’s and Helbiz’s expectations with respect to future performance and anticipated financial impacts of the Business Combination, the satisfaction of the closing conditions to the Business Combination and the timing of the completion of the Business Combination. These forward-looking statements involve significant risks and uncertainties that could cause the actual results to differ materially from the expected results. Most of these factors are outside GreenVision’s and Helbiz’s control and are difficult to predict. Factors that may cause such differences include, but are not limited to: (1) the occurrence of any event, change or other circumstances that could give rise to the termination of the Merger Agreement or could otherwise cause the Business Combination to fail to close; (2) the outcome of any legal proceedings that may be instituted against GreenVision or Helbiz following the announcement of the Merger Agreement and the Business Combination; (3) the inability to complete the Business Combination, including due to failure to obtain approval of the stockholders of GreenVision or other conditions to closing in the Merger Agreement; (4) the receipt of an unsolicited offer from another party for an alternative business transaction that could interfere with the Business Combination; (5) the inability to obtain the listing of the common stock of the post-acquisition company on the Nasdaq Stock Market or any alternative national securities exchange following the Business Combination; (6) the risk that the announcement and consummation of the Business Combination disrupts current plans and operations; (7) the ability to recognize the anticipated benefits of the Business Combination, which may be affected by, among other things, competition, the ability of the combined company to grow and manage growth profitably and retain its key employees; (8) costs related to the Business Combination; (9) changes in applicable laws or regulations; (10) the possibility that Helbiz may be adversely affected by other economic, business, and/or competitive factors; (11) the impact of COVID-19 on the combined company’s business; and (12) other risks and uncertainties indicated from time to time in the proxy statement to be filed relating to the Business Combination, including those under “Risk Factors” therein, and in GreenVision’s other filings with the SEC. Some of these risks and uncertainties may in the future be amplified by the COVID-19 outbreak and there may be additional risks that GreenVision considers immaterial or which are unknown. GreenVision cautions that the foregoing list of factors is not exclusive. GreenVision cautions readers not to place undue reliance upon any forward-looking statements, which speak only as of the date made. GreenVision does not undertake or accept any obligation or undertaking to release publicly any updates or revisions to any forward-looking statements to reflect any change in its expectations or any change in events, conditions or circumstances on which any such statement is based.

Helbiz Expands into the Turin Suburb of Collegno

Advances strategy to connect service between suburbs and provincial capitals

Turin, March 10, 2021 - Helbiz, a global leader in micro-mobility that is the business combination target of GreenVision Acquisition Corp. (Nasdaq: GRNV), announced the launch of its e-scooter fleet in **Collegno**, the first municipality in the metropolitan area of Turin. Beginning today, under a five-year renewable permit, Helbiz will provide residents and visitors access to a fleet of 150 electric scooters within an operational area of about 9 km².

Renting a Helbiz e-scooter is easy and convenient. A rider will first download the free Helbiz mobile application for Android and iOS phones. After using the app to locate a nearby scooter, the rider unlocks it by scanning the QR code located on the handlebars. At the end of the ride, the scooter is parked in the designated area indicated on the map in the app. The city requires designated parking to ensure availability for other riders without creating an obstacle to traffic.

Helbiz is known for its attractive pricing, which will be offered to riders in Collegno: **€1 for the initial release + €0.20 per minute** for rides. As an alternative, regular riders can take advantage of Helbiz UNLIMITED, a subscription-style flat rate of €29.99 per month that allows an unlimited number of daily trips of up to 30 minutes (at least 20 minutes apart).

“Entering Collegno demonstrates our commitment to expanding urban micro-mobility solutions and reinforces our dedication to creating seamless service for all the municipalities in a metropolitan area. Dense cities have the greatest need for fast, economic and efficient means of transport,” said Luca Santambrogio, Country Manager of Helbiz Italia. “We look forward to working collaboratively with large cities and neighboring municipalities to support the transportation needs of thousands of citizens.”

Helbiz’s arrival in Collegno strengthens its presence in the region of Piedmont, where it is already present in Turin with 500 e-scooters and 2,000 e-bikes.
